

WONDERKIDS

Number Relations, Logical Reasoning

Class III, Mathematics

Q1. Find the missing number if the same rule is followed in all the three figures.

- A. 34 B. 36 C. 38 D. 35

Q2. Find the missing number if the same rule is followed in all the three figures.

- A. 21 B. 23 C. 20 D. 24

Q3. Find the missing number if the same rule is followed in all the three figures.

- A. 23 B. 24 C. 18 D. 26

Q4. Find the missing number if the same rule is followed in all the three figures.

- A. 19 B. 20 C. 16 D. 22

Q5. Find the missing number if the same rule is followed in all the three figures.

- A. 10 B. 12 C. 8 D. 7

Q6. Find the missing number if the same rule is followed in all the three figures.

- A. 36 B. 33 C. 41 D. 40

Q7. Find the missing number if the same rule is followed in all the three figures.

- A. 9 B. 14 C. 5 D. 13

Q8. Find the missing number if the same rule is followed in all the three figures.

- A. 41 B. 44 C. 38 D. 42

Q9. Find the missing number if the same rule is followed in all the three figures.

- A. 48 B. 44 C. 52 D. 43

Q10. Find the missing number if the same rule is followed in all the three figures.

- A. 45 B. 50 C. 47 D. 46
